EXPERIENCE

Service Deli Associate | Costco Wholesale

Nov 2020 - Jan 2021 | Cumming, GA

> Assisted deli clerks with preparing, packaging, and stocking cold entrees for customers

IT Asset Management Intern | InterContinental Hotels Group

May 2019 - Aug 2019 | Atlanta, GA

> Improved the quality and accuracy of the technological asset database

> Implemented more efficient methods of collecting asset data using Excel and technology provided to us to minimize potential errors within the database

> Shadowed web developers to see their day-to-day life and learned about their Scrum methodology, including code sprints and stand-ups

PROJECTS

JavaScript Calendar

[View Live on GitHub Pages](#) | [View src code on GitHub](#)

> Browser calendar built with vanilla JavaScript that allows user to add and delete event reminders on the calendar

> The calendar data is saved through JS localStorage

Gradient Background Generator

[View Live on GitHub Pages](#) | [View src code on GitHub](#)

> Gradient background generator created with vanilla JavaScript that allows user to change their background in real-time using two color pickers

> Also allows user to generate a random background

LEADERSHIP & CAMPUS INVOLVEMENT

Webmaster | Lambda Phi Epsilon

Aug 2019 - May 2020

> Managed the organization's website through WordPress and updated it as needed with new member info, events, and pictures

Academic Chair & Philanthropy Chair | Lambda Phi Epsilon

Jan 2019 - December 2019

> Facilitated onboarding of new members by hosting study sessions and collecting grades to keep up with academic standards

> Organized philanthropic events such as canned food drives, blood drives, and roadside cleanups

SKILLS

Programming Languages

HTML5, CSS3, JavaScript, Python, Java, MySQL

Libraries & Frameworks

React, Bootstrap

Tools & Platforms

Git, MS Office, WordPress, Netlify

EDUCATION

The University of Georgia

2016-2020 | Athens, GA

B.S. Computer Science

GPA: 3.12/4.00

Dean's List: Fall 2017

Zell Miller Scholarship Recipient

Relevant Coursework

Software Development

Software Engineering

Web Programming

Data Structures

Systems Programming

Computer Architecture

Computer Networks

INTERESTS

Web design, weightlifting, video games, guitar
